# Status of mxCuBE at SOLEIL

Proxima-1 & Proxima-2a

Status of mxCuBE at SOLEIL

- PX1: PILATUS 6M with full Kappa goniometer + **new sample environment**
- PX2: **new EIGER 9M** + MD2
- CATS on both beamline

- **mxCuBE v2** now installed and used on both beamlines
- ISPyB installed but not yet open to users

- New software engineer working on mxCuBE since july 2015: Laurent Gadea
- Many short visits of Bixente Rey to help upgrading
